

Is Our Price Fair?

That depends....are you looking for a company that uses the best available products? Provides an upgrade warranty? Does things the right way?

Professional companies meet the following basic criteria and more:

1. Registered and a licensed contractor with the State of Wisconsin.

To verify, call The Dept. of Commerce, Safety & Buildings Division at 608-261-8500.

2. Carries Liability Insurance (in case they damage your property)

Carries Worker's Compensation Insurance (in case their people get hurt on your property)

To verify, request the contractor to have their insurance company mail you a Certificate of Insurance.

3. Uses upgrade products such as 6 ft. of ice and water shield at eave; synthetic underlayment and shingles with a long term non-Prorated warranty.

4. Every roofing material manufacture has a certification program for companies that sell and install their products. To become certified, you are required to take manufacture training.

To verify, request a copy of their certificate.

5. A permanent business location
6. Has at least 4 ½ stars on Google reviews.

If you have concerns about our cost, let's at least talk.

Your home is too important to trust to anyone but a professional!
